These Success students (more than 500) were all enrolled in our Day School when this photo was taken. This represents about one quarter of our total annual enrollment.

WHY did 2,235 students enroll in the day and evening classes of the Success Business College of Winnipeg for the year ending May 31, 1927? And why did our enrollment increase by 323 students in one year? Why does this increase represent a larger number of students than were studying in the day classes of all other Business Colleges (combined) in Winnipeg and Manitoba on May 31, 1927?

Answers to all these questions are well known to more than 1,500 discriminating Winnipeg employers, who annually patronize our Employment Department, and to more than 30,000 young men and women who received their business training in this great school, since its inception in 1909.

Service and Success go hand in hand, and because of its better service, the record of the Success Business College is one of remarkable growth and outstanding achievement.

News

FROM THE Old Land

The Tribune, through its regular daily telegraph and cable services, presents in every issue a summary of all that happens in the political, economical and social life of the Old Country. This is supplemented by a very comprehensive weekly news letter service from selected correspondents.

Featuring Sports News

In the Sporting Pages of The Tribune you will find up-to-date lists of league standings, football gossip, exclusive articles by leading players and experts, and the results of all important matches.
